She's dreaming in her sleep, dreaming four boys, turning back against her, waving their goodbyes to their fans as she stares at them curiously. Then, her dream is interrupted by Nico.

"Wake up, you'll be late for the shoot for 11:11 movie." Nico wakes her.

"Oh, morning." She greets and smiles. Yawning and stretching her arms and legs.

"Get up there, you'll be late. It's like, almost eight in the morning, you can't be late. You locked the door last night and your maids can't come in, Your Majesty." He crosses his arms and raises an eyebrow to his sister.

"Oh, apology. I'll get up here and take a bath, please tell to my maids to come in right now and prepare what should I wear, eat and do. Please tell my secretary and the prime minister to come in as soon as possible." She gets up and immediately takes a bath.

After twenty minutes of her bathing and showering inside the bathroom, she went out with a towel in her head and a bathrobe around. Her maids immediately fix her up and make her sharp.

It took half an hour to get her all done. She's all ready and the prime minister and the secretary come in.

"Good morning, Prime Minister and Margaux." She greets the two of them brightly and happily with grace.

"Morning too, Your Majesty." PM Terrence Birmingham greets back as he smiles and bows to Judy.

responsibilities to my parents or even my siblings. You may sit down first, I'll be discussing with Prime Minister. Please call all any meetings, or even events or anything that I'm not coming that other else will be coming, is that clear?" She instructs.

"Yes, Your Majesty." She sits down to the desk near Judy's desk. She's on the other side. Writing something on the documents, writing letters, doing something on Internet and calling all people that she's suppose to come for that someone else will come and she's just busy.

"I guess he does, Your Majesty." Margaux comes in to her room. Whom she sleeps in Judy's room. She appointed her always to sleep and live in her palace and room. Especially her closest maid too stays in her room, Berlin.

"Do you think, he does remember me? Does he still recognise me?" She says in a sad and anxious tone.

"We don't know, Your Majesty. We might know if he's going to be invited." Berlin replies.

"I think he still remembers Her Majesty." Margaux raises an eyebrow to Berlin. "I mean like, every territory of Great Britain knows she's now the queen."

"Okay, sorry. But, what if he forgot Her Majesty? Would you still debate me? Because it seems you want to debate on whether he still remembers her or not." Berlin reads Gadfly on her bed. She's the same age as Margaux, 25.

"Oh, stop it you two, we've got to work tomorrow. A new day, a fresh start. But, before we sleep, we'll pray. Now let's pray." And they all started to pray then they sleep.

The next day is going to be brick by brick schedule and her duties are back on her again and just like before, she's going to sit on her desk, check documents, papers then meetings and etc., a queen's life is really tiring.
